

Dear Parents/Carers,

On **Friday the 9th of June** there will be an Eco Stall in the school providing experience for pupils in support of their financial and sustainability education.

The stall will offer donated items of high quality school clothing, ensuring that all pupils will have access to school/nursery uniform at affordable prices.

We are also encouraging the reuse of items which have been unclaimed for more than three weeks in our lost property. These items have been laundered in preparation for resale. Items from the stall are available to purchase at the cost of a **donation** of your choice to the school. All monies raised by the Eco Stall will go to the school fund, which enables us to finance other activities and resources for the benefit of all pupils.

The stall will be set up **during sports day** so that you can visit at your convenience.

Please come along to the stall to support us as we all know everyone loves a bargain!

Yours Sincerely,

Jennifer Deacon
Principal Teacher
